

## Growing Lachlan progress to date

Desktop research gathered data about key indicators of community 'health and wellbeing' across Lachlan Shire  
(demographics, cohesion, economics, safety, income, school readiness, educational achievement, transition to work, justice, health)

Community surveying discovered what locals see as the key issues and areas to focus on in Lachlan

Growing Lachlan draft report identified nine (later to become 10) 'flags' to discuss with the community

Community conversations identified four priority areas
